

COAD awarded 'Million Dollar Export Tower'

First in the automatic door industry.. Global leader position in commercial & industrial automatic doors is firm.

입력 2016.12.06 14:18

COAD was the first in the industry to receive the 'Export Tower' award.

On the 5th day of the 53rd Trade Day ceremony, COAD awarded 'Million Dollar Export Tower'. Because COAD exceeded \$ 1 million in exports in 2016.

At the commemorative ceremony held at the COEX in Samseong-dong, the ceremony was held with the attendance of 1,400 people from the trade industry, government and trade related organizations.

The 'Export Tower' award is a prestigious award that contributed to overseas market expansion and export growth by combining the annual export value from July last year to June of this year.

COAD is a global company that has established six overseas subsidiaries, and has been well received for showing various industrial doors and overhead doors with strong milling force and opening force at various overseas exhibitions.

Kim, Managing Director, said, "I am very pleased to receive such a meaningful prize." "I will make efforts to become a proud Korean company that will make better products and lead the overseas market."

Meanwhile, COAD's high-speed automatic door was selected as the best automatic door brand in the 'Technology Innovation Division' by KCPBA 2015 Korea Consumer Preference brand sponsored by Korea Media Research at the end of last year.

Speed Door is an industrial door that is installed in various industrial fields regardless of industry such as manufacturing factory, food company, logistics center, pharmaceutical research institute, hotel parking lot, car wash automatic door. As a result of this award, COAD is expected to maintain its position as a leading domestic company.
