

## COAD establish local subsidiary in Malaysia

possessed a local factory in Malaysia

---

COAD establish local subsidiary in Malaysia. Since November last year, COAD has been working on the establishment of a Malaysian corporation. And sprung up its business in earnest by establishing a high speed automatic door factory in Malaysia.

COAD Malaysia subsidiary (COAD AUTO DOOR SDN. BHD.) will participate in the 23th autoMEX 2017 in Kuala Lumpur from May 24th to 27th. This exhibition is a total of 180 exhibitors participated in the exhibition last year and the number of visitors is 23,000. COAD will showcase the popular COAD-Series at this exhibition.

In addition COAD has established six local subsidiaries including Japan, Thailand and Vietnam, and has been recognized for its high quality products and services in overseas markets. In last year, it was the first company to receive the \$ 1 Million Export Tower Award and the Export Frontier Enterprise Certification.

COAD said " We will inform that we are global corporation through this exhibition which interested in various countries such as Malaysia, China, Thailand and Taiwan " and " Southeast Asian countries such as Malaysia, It is important to keep the temperature inside the factory so it is expected to show great interest in its high speed doors. "
